

WISD Accident Investigation FORMS

How To Use These Important Tools

Includes:

*Forms may be
Copied as needed.*

Accident investigation forms/statements **should be filled out** by the **injured party, supervisor/principal and any witness** to the accident. Supervisors shall conduct the preliminary investigation as soon as possible.

IMPORTANT – Care must be taken to assure the investigation is fact finding, not fault finding. Obtaining signed statements as soon as possible following an accident insures that Woodville ISD has an accurate account of how the injury occurred. These completed statements are important in helping to correct hazards and prevent the accident from recurring. They also help to spot possible third-party liability as well as possible fraudulent claims, which can help defend against the claim.

After I have these forms completed – what do I do with them?

Please send the completed forms to the business office and keep a copy for your files. These completed forms can provide valuable information in a claims investigation of an injury and for developing the defense in the event of a workers' comp hearing.

What if the injured party is physically unable to fill out the Report of Injury?

Use common sense and good judgement. If the injury is severe – remember, the injured party's health and care are first and foremost. If possible, have the form filled out at a later, more appropriate time when the person is physically able to document the accident.

What if the injured party refuses to fill out or sign a Report of Injury?

Of course, you cannot make someone fill out the document. You can however stress the importance of getting "their" account of the accident to help prevent the injury from happening again. Also, still obtain the supervisor's report as well as any witness statements.

What if the injured party has retained an attorney – Can I still ask the injured party to fill out a Report of Injury?

Yes – as part of your company's accident management plan, you can still ask the injured party to fill out the report form.
